

Support Veggie U

Veggie U is a 501(c)3 not-for-profit organization promoting the well-being of children by teaching the sustainable growing of vegetables and healthy eating habits. We are dedicated to the creation and distribution of our Earth to Table™ curricula, which focuses on making wise food choices to combat childhood obesity and related health issues. The program also emphasizes the understanding of sustainable agriculture.

Help Us Grow

Your support will enable us to take the message of nutrition and its benefits to children in classrooms across the country. The Veggie U kit costs \$450 per classroom. Each kit arrives complete with a five-week curriculum including segments on soils, sustainability, and nutrition. Also included is an introductory Farmer Jones DVD, seeds, soil, grow lights, root view boxes, worm farm materials and a box of unique vegetables from The Chef's Garden™ farm. Children love our program because it's a hands-on, engaging experience. They will remember what they learn for years to come! With your help, we can make the difference for the next generation.
